RECIPE

GINGERBREAD LATTE COOKIES

Servings: 24

INGREDIENTS

Gingerbread Cookies

- 2¾ cups all-purpose flour
- 2 tsp espresso powder
- 2 tsp ground ginger
- 1 tsp ground cinnamon
- ¼ tsp ground nutmeg
- 1 tsp baking soda
- ¼ tsp salt
- 1 cup salted butter, softened
- ¾ cup brown sugar, firmly packed
- ½ cup molasses
- 1 whole egg
- 1 egg yolk
- 1 tsp McCormick® Imitation Vanilla Extract

White Chocolate Espresso Drizzle

- 8 ounces white chocolate chips
- 2 teaspoons vegetable oil
- 1 teaspoon espresso powder

DIRECTIONS

1. Mix flour, espresso powder, ginger, cinnamon, nutmeg, baking soda, and salt in large bowl. Set aside. Beat butter and brown sugar in large bowl with electric mixer on medium speed until light and fluffy. Add molasses, egg and egg yolk, and vanilla; mix well. Gradually beat in flour mixture on low speed until well mixed. Press dough into a thick flat disk. Wrap in plastic wrap. Refrigerate 4 hours or overnight.
2. Preheat oven to 350°F. Scoop dough by the heaping tablespoon-ful and roll into a ball. Place 1 inch apart on ungreased baking sheets.
3. Bake 15 to 20 minutes or until edges of cookies are set and just begin to brown. Cool on baking sheets 1 to 2 minutes. Remove to wire racks; cool completely.
4. For the Drizzle, mix white chocolate chips, oil and espresso powder in microwave-safe bowl. Microwave on HIGH 1 1/2 minutes, stirring every 30 seconds, until chocolate is melted and smooth.
5. Drizzle or dip cooled cookies generously. Let stand until chocolate is set. Store cookies in an airtight container up to 5 days.

RECIPE

CHOCOLATE HAZELNUT NOUGAT

Servings: 18

INGREDIENTS

- 2 sheets edible wafer paper
- 6 oz TCHO Sweet & Sassy 66% Bittersweet Dark Chocolate
- ½ cup honey
- 1⅓ cup granulated sugar
- 2 egg whites
- ¼ cup powdered sugar
- 1 cup whole toasted hazelnuts

DIRECTIONS

1. Melt the chocolate, carefully and stirring often so as not to burn it, in the microwave or over a double boiler. Set aside.
2. Using a stand mixer fitted with the whisk attachment or heatproof bowl with a hand-held mixer, beat the egg whites until they reach soft peak stage. The egg whites will look like undulating hills. Add in the powdered sugar and beat until the egg whites resemble stiff, glossy peaks. Turn the mixer off.
3. In a medium pot with a thermometer inside, heat the sugar and honey to 310ºF. Remove from heat and it cool to 290ºF (this won't take long)! With the mixer on medium speed, slowly pour the sugar syrup over the egg whites. Beat for 3 to 4 minutes, or until very thick and sticky; the longer you beat to aerate the mixture, the drier and firmer the nougat will turn out.
4. Beat in the melted chocolate until evenly incorporated. Fold in nuts. Pour the mixture over one of the sheets of wafer paper. Cover the nougat with the second sheet of wafer paper, pressing lightly with a flat, open palm until about 1" thick. Cool for about one hour at room temperature.
5. To cut and, if desired, wrap nougat, use a clean, sharp knife. You may find it helpful to run the knife under hot water for a moment, drying it quickly, to get cleaner lines.
