Tuxford & Tebbutt, home of Great British Stilton Since 1780, is one of only five creameries in the world licensed to produce this 'King of English Cheeses'. Their award winning cheeses are hand made by experienced cheese makers using traditional methods and family values. The cheeses are still matured individually and are turned and graded by hand as has been the case for many generations. Whilst the manufacture is traditional, a huge amount of monitoring and measuring is carried out to ensure that our cheeses meet the highest quality standards.
